**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We love small local Internet service providers and the better service brought on by their competing with larger providers. Their customer service and attention to consumer delight is exceptional. Broadband usage is significant for our home, my business, my son's school work and my wife's business, and we are anxiously awaiting fiber to our city. We understand that is at risk for us. Please reject the price hikes and policies that benefit the large providers. FYI, we also purchase our telephone service from our competitive small local ISP.
